

Say Something: 10th Anniversary Edition

At this school, there are some children who push and tease and bully. Sometimes they hurt other kids by just ignoring them. The girl in this story sees it happening, but she would never do these mean things herself. Then one day something happens that shows her that being a silent bystander isn't enough. Will she take some steps on her own to help another kid? Could it be as simple as sitting on the bus with the girl no one has befriended (and discovering that she has a great sense of humor)? Resources at the end of the book will help parents and children talk about teasing and bullying and find ways to stop it at school. One child at a time can help change a school. Since its release in May 2004, this book has sparked Say Something weeks in schools from Maine to Shanghai. It has been turned into plays, distributed to hundreds of kids at conferences, read by principals on large screens, and rewritten by students in several schools (Do Something! is a favorite title). Most importantly, Say Something has helped start countless conversations among kids and adults about teasing. We're celebrating with this new edition, updated with a new cover and an authors note.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça

va. Il faut voir ce que cela m'aurait couté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
