

Fun City Punch (Joe Dylan Crime Noir Book 5)

Imagine a world without cash. A world where every single transaction is tracked and monitored. What happens to that information? How is it used to keep you safe? Private Eye Joe Dylan's Fun City is corrupt to the bone and under the ever watchful surveillance system known as the Eye. Money has been abandoned in favor of the credit system. All citizens are required to carry hand held devices containing their credit score and personal information. Joe Dylan is recovering from the government attitude adjustment program known as the Punch since his credits reached zero. His adopted son Jimmy is missing presumed dead and his basement office is infested with contrarian rats. When Dylan is assigned the task of keeping socialite artist Trixie Sloane on the straight and narrow his pursuit of her leads him down into a sub-culture beneath the city where a vigilante Resistance force plan to strike out... Fun City Punch - Number 5 in the Joe Dylan Crime Noir Series.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défilé, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défilé qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Publié par CdtK à 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla vendredi 22 juillet 2016 Pour une poignée de trous en plus Voilà les plaquettes de 6cm ont été percées... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la machine. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
