

## Strangers in the Bush (Annabelle the Ant)

Join Annabelle the Ant as she learns an important life lesson not to trust strangers! This charming short story will entertain and educate your child as they join Annabelle in her adventure in the Australian outback. This book is aimed at the 5-8 year age range. Excerpt: Well hello there! Whats that you say? You want a story? Hmmm, I dont know, do you promise not to interrupt this time? Oh, okay. Ill tell you about a friend of mine, her name is Annabelle. Ive known Annabelle since she first popped her head out of the nest. I thought you werent going to interrupt? Oh, okay, it was an ants nest of course. Didnt I explain that Annabelle is an ant? Well she is, and a very adventurous ant at that. Well, this particular story starts as most of them do. Annabelle was feeling like going for a walk, so she packed up her knapsack with her lunch and a jar of nectar, put on her hat and with her knapsack on her shoulders she shouted, Annabelle could never be accused of being a quiet ant, goodbye to her Mother and set off on her walk. As she left the nest I spotted her from my roosting spot on the tree over her home. Whats that? Youre interrupting again! Of course I was roosting in a tree open your eyes, cant you see Im an Owl? Anyway, back to the story! I called down a hello to Annabelle, and being the polite ant she is she called one back. Where are you off to today Annabelle? Im thinking of going to the stream today Octavia. Hmmm! Well you take care down there young Annabelle, Ive heard there are strangers about. Ill be careful Octavia. I promise. With that and a jaunty wave Annabelle set off towards the stream. As she passed under the leaves of the low lying grasses and plants, Annabelle saw many of her friends but other than a quick hello and wave she didnt stop to talk, Annabelle was now an ant on a mission. Strangers in the bush! This needed investigating.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de l'ger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
