

Me, Max and the Lucite Boot

I was the luckiest kid that ever existed. Totally. Life was awesome, though I was afflicted with ASD. Avoiding School Disorder. But, I could forge my own notes. My playground was the Atlantic Ocean. I had my own surfboard with a golden BUZZ painted on it. I rode a wave like a bird in flight. I could skin the highest palm trees and drop coconuts and then scramble down and crack one open and suck the juice. There was snorkeling, scuba diving, pools with water slides, diving off the board any crazy way I wanted.

Well, Buzz, Eileen and I were married this morning. So, you're moving to Florida? She laughed.....Cindy, no, well live up north. You'll see snow. You'll have seasons. And two step-sisters.

What? No one asked me anything. I had no say? I felt my wonderful life slipping away...

On the windowsill, however, I spotted a ladybug. No, it was getting bigger. It was a butterfly. A big beautiful one that flew into my drab room. It was the same one that was on the airplane. Then it wasn't a butterfly. It was...moonbeams...

And then I got it. OH GET OUT! Not the Cinderella thing?

Et les renforts arrivent encore Bon Ãsa sera la derniÃre revue de troupes de la semaine. Donc on arrive Ã 300 figurines il en reste donc 420... mais Ãsa va Ãsa avance bien. Je m'amuserais surtout sur les petites piÃces. LÃ c'est du monobloc donc mÃme si la ligne de moulage est visible -donc il faut Ãbarber presque tout le tour de la figurine... oui oui.- Comme Ã chaque dÃbut de dÃfi, je suis dans les temps, limite mieux qu'espÃrer. Mais par expÃrience je sais que c'est le creux du dÃfi qui m'est fatal donc on verra quand j'aurais tout ÃbarbÃ :) PubliÃ par CdtK Ã 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest LibellÃs : Blabla lundi 1 aoÃt 2016 Revue des troupes Bon juste une petite photo pour montrer que je passe Ã l'infanterie. j'adore l'Ãbarbage. Oui certains diront que Ãsa fait parti du hobby mais c'est vraiment ce que je dÃteste le plus. Et puis lÃ c'est de l'industriel. PubliÃ par CdtK Ã 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest LibellÃs : Blabla vendredi 22 juillet 2016 Pour une poignÃe de trous en plus VoilÃ les plaquettes de 6cm ont ÃtÃ percÃ... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la mÃche. Mais voilÃ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÃt-. Mais Ã quoi Ãsa correspond? Donc dire des trous c'est bien mais Ãsa renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de lÃger Ã lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis dÃÃsu de ne pas avoir plus de soldats Ã pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÃme table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu faire celle lÃ et autant en 8cm, Ãsa

va. Il faut voir ce que cela m'aurait couté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
