

# Learning with Curious George Pre-K Math

There's no better way to ignite your child's curiosity for learning than with Curious George at the ready, and these workbooks allow for unlimited practice! With more than 60 activities featuring everyone's favorite monkey and his friends, the complete series provides age-appropriate, kid-friendly content to encourage an understanding of preK math and reading concepts along with a love of learning. Each full color workbook is designed by teachers, aligned to national and state standards, and includes more than 60 activities, achievement stickers (25 per sheet), a digital companion with online games and activities designed to increase practice and learning, personalized certificate of completion, and unlimited downloads of activity pages! The Learning with Curious George PreK Math workbook teaches children: Counting, tracing, and ordering numbers; Matching groups, words, and numbers; Counting groups; Using base 10 blocks; Recognizing and coloring shapes

Et les renforts arrivent encore Bon Åsa sera la derniÃre revue de troupes de la semaine. Donc on arrive Å 300 figurines il en reste donc 420... mais Åsa va Åsa avance bien. Je m'amuserais surtout sur les petites piÃces. LÃ c'est du monobloc donc mÃme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÃbut de dÃfi, je suis dans les temps, limite mieux qu'espÃrer. Mais par expÃrience je sais que c'est le creux du dÃfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÃ :) PubliÃ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest LibellÃs : Blabla lundi 1 aoÃt 2016 Revue des troupes Bon juste une petite photo pour montrer que je passe Å l'infanterie. j'adore l'Ãbarbage. Oui certains diront que Åsa fait parti du hobby mais c'est vraiment ce que je dÃteste le plus. Et puis lÃ c'est de l'industriel. PubliÃ par CdtK Å 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest LibellÃs : Blabla vendredi 22 juillet 2016 Pour une poignÃe de trous en plus VoilÃ les plaquettes de 6cm ont ÅtÃ percÃ... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la mÃche. Mais voilÃ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÃt-. Mais Å quoi Åsa correspond? Donc dire des trous c'est bien mais Åsa renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de lÃger Å lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis dÃÃsu de ne pas avoir plus de soldats Å pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÃme table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu faire celle lÃ et autant en 8cm, Åsa va. Il faut voir ce que cela m'aurait coutÃ dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et j'ai quand mÃme un trÃs bon rapport qualitÃ-prix par rapport Å ce que je recherchais. Il le reste Å Åbarber les trous pour y glisser l'aimant et Åsa sera parfait je pourrais retourner Å mes figurines.
