

Reflections on Psalms

As a believer in Jesus, Yeshua as He is called in the Hebrew, I love to spend my intimate moments with Him on the deck of our home. Our deck faces the woods of southeastern Indiana. There is a creek bed below the deck which is filled with flowing water during spring runoff or a heavy rain. When reading the Psalms, I am able to experience many of the metaphors used in scripture in the environment around me. I was drawn to Psalms, particularly the psalms of David, which I have found to be very similar to how my journal entries are often crafted. I often begin with a question, sometimes a lament or anguished cry, and by the end of the journal piece I find myself writing words of encouragement. This is one of the ways God speaks to me. Reflections on the Psalms are taken from my journal entries and also from instructive commentaries I wrote for a class my husband and I teach at a local nursing home. They come from my heart, as a gift to the Lover of my Soul, which is Jesus/Yeshua. I hope they will touch your heart as well. Note: This is the standard version. All photographs are in black and white. The enhanced version with colored photographs is also available at a higher cost. All Psalms and reflections are identical between the two versions.

Et les renforts arrivent encore Bon Åa sera la derniÅre revue de troupes de la semaine. Donc on arrive Å 300 figurines il en reste donc 420... mais Åa va Åa avance bien. Je m'amuserais surtout sur les petites piÅces. LÅ c'est du monobloc donc mÅme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÅbut de dÅfi, je suis dans les temps, limite mieux qu'espÅrer. Mais par expÅrience je sais que c'est le creux du dÅfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÅ :) PubliÅ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Åa fait parti du hobby mais c'est vraiment ce que je dÅteste le plus. Et puis lÅ c'est de l'industriel. Mais voilÅ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÅt-. Mais Å quoi Åa correspond? Donc dire des trous c'est bien mais Åa renseigne pas beaucoup alors 1200

trous c'est : 594 soldats -de l'acier lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis d'accord de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
