

For Every Joy That Passes

Since Sarah came into their house with a collection of squealing, nosy little day care children, Beckis life has been turned upside down. She desperately wants her birth mother back, in spite of her money spending ways and self-centered attitude that made her father clutch at his chest in pain. Fuddy-duddy was what her mother called him. To get new stepmother Sarah out of their house and out of her fathers life, Becki engages in a power-play tug-of-war with her. Tension begins to gnaw away at the new marriage. But, Katherine, an elderly friend and confidant of Beckis (who is slowly going blind something that Becki fails to notice, so consumed is she with her own problem), helps Becki to see by word and by example that You learn with every change, to let go of what was. Until you do, you cant appreciate what is, and that, Letting go is the only way to make way for the good things. Katherines accident is the catalyst that clears Beckis vision. Once Becki begins to evaluate, put life into perspective, and realizes the hard time her step mother is having, she decides to take a chance on caring about Sarah and believing that she will be permanent family. She tries to understand Sarahs feelings. The psychological warfare is over, replaced by Beckis helping out with the day care center.

Et les renforts arrivent encore Bon Åa sera la derniÅre revue de troupes de la semaine. Donc on arrive Å 300 figurines il en reste donc 420... mais Åa va Åa avance bien. Je m'amuserais surtout sur les petites piÅces. LÅ c'est du monobloc donc mÅme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÅbut de dÅfi, je suis dans les temps, limite mieux qu'espÅrer. Mais par expÅrience je sais que c'est le creux du dÅfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÅ :) PubliÅ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Åa fait parti du hobby mais c'est vraiment ce que je dÅteste le plus. Et puis lÅ c'est de l'industriel. Mais voilÅ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais

fin aoÃ»t-. Mais Ã quoi Ãsa correspond? Donc dire des trous c'est bien mais Ãsa renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de lÃ©ger Ã lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis dÃ©Ã§u de ne pas avoir plus de soldats Ã pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÃame table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu faire celle lÃ et autant en 8cm, Ãsa va. Il faut voir ce que cela m'aurait coutÃ© dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et j'ai quand mÃame un trÃs bon rapport qualitÃ©-prix par rapport Ã ce que je recherchais. Il le reste Ã Ã©barber les trous pour y glisser l'aimant et Ãsa sera parfait je pourrais retourner Ã mes figurines.
