

The End of Days: African American Religion and Politics in the Age of Emancipation

For 4 million slaves, emancipation was a liberation and resurrection story of biblical proportion, both the clearest example of God's intervention in human history and a sign of the end of days. In this book, Matthew Harper demonstrates how black southerners' theology, in particular their understanding of the end times, influenced nearly every major economic and political decision they made in the aftermath of emancipation. From considering what demands to make in early Reconstruction to deciding whether or not to migrate west, African American Protestants consistently inserted themselves into biblical narratives as a way of seeing the importance of their own struggle in God's greater plan for humanity. Phrases like jubilee, Zion, valley of dry bones, and the New Jerusalem in black-authored political documents invoked different stories from the Bible to argue for different political strategies. This study offers new ways of understanding the intersections between black political and religious thought of this era. Until now, scholarship on black religion has not highlighted how pervasive or contested these beliefs were. This narrative, however, tracks how these ideas governed particular political moments as African Americans sought to define and defend their freedom in the forty years following emancipation.

Et les renforts arrivent encore Bon Ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais Ça va Ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi Ça correspond? Donc dire des trous c'est bien mais Ça renseigne pas beaucoup alors 1200

trous c'est : 594 soldats -de l'acier - lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis d'accord de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
