

WHOS JU? (7th Grade Sleuths Book 1)

SELECTED AS A 2015 FINALIST FOR THE MARIPOSA PRIZE FOR FIRST NOVEL, INTERNATIONAL LATINO BOOK AWARDS A fun, humorous, lighthearted caper that subtly and brilliantly explores the importance of cultural identity.-- Linda Nieves-Powell, Author of Yo Soy Latina! Ju is a terrific personality with a large, inquisitive mind and an even bigger heart. Girls of all ages will remember her long after the last page is turned.-- Cecilia Galante, Author of The Patron Saint of Butterflies At a time when the publishing world is in desperate need for more diversity in children's literature, Ramos has introduced Justina, who is not only full of cultural pride, but is also universally relatable as she struggles with issues all kids face: Who am I and where do I fit in?-- Crystal Velasquez, Author of the Your Life, But... Series Justina Ju Feliciano and her fellow seventh-grade sleuths are on the case! A sneaky vandal has damaged scenery from the school drama club production and the newbie detectives must catch the culprit before opening night. But Ju faces a completely different kind of mystery when a genetics assignment forces her to investigate the cold hard fact that her frizzy blonde hair and amber eyes don't match the shades of brown that run in her family. This is one case she wishes she didn't have to solve. Only there's no escaping the Blueprint of Life Project, so Ju searches the attic for documents she needs to complete her schoolwork. Instead, she discovers her parents are keeping a huge secret. Ju's amateur sleuthing and a confrontation with her parents finally lead to the cold hard facts about her past. But even though her life changes forever, she's still the same mystery-loving girl she's always been. ABOUT THE AUTHOR Dania Ramos is an award-winning playwright whose plays have received productions and readings at several professional theaters in

New Jersey and New York City. As a teaching artist for not-for-profit arts organizations, she's helped children of all backgrounds share their stories through creative writing and theatre. She lives in northeastern New Jersey with her husband.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
