

New Critical Writings in Political Sociology: Volume Three: Globalization and Contemporary Challenges to the Nation-State (v. 3)

In the third and final volume of this series, we examine the implications of the accelerating globalization process for the nation-state. Are globalization, the rise of regional and international institutions, and the international agreements on human rights actually reducing and transforming state sovereignty? Clearly ethnic, racial, and religious identities remain salient, but how do they correspond to, intersect with, and overflow continuous nation-state spaces that are demarcated by legally recognized borders? In what conditions do democratic state-building projects actually enhance political, civil, and social rights, and when do they tend to contribute to the consolidation of elite power? Should democratic forces put their faith in a cosmopolitan vision of global citizenship, especially when they tackle quintessentially international and transnational problems like peace, aboriginal rights, and the protection of the environment? In this volume's collection of contemporary political sociologists' key articles, we present work that explores the exposure of the nation-state and the post-World War II world system to global forces.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça

va. Il faut voir ce que cela m'aurait couté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
