Where Coloring Meets Fantasy, and Bullies Never Win! A delightful coloring book to promote creativity and writing in adults and children alike. This beautiful, hand drawn coloring book is a read aloud, early reader adapted from Jaimie Engle's critically acclaimed historical fantasy story for kids, Clifton Chase and the Arrow of Light. This concept book focused on colors is perfect for the little brothers and sisters of Clifton Chase fans with adorable drawings chosen from among the 55 images within the novel. Read aloud, this coloring book can be enjoyed by children learning coloring concepts. Or it can serve as an advanced early reading book for a child to share with a parent as they both practice staying within the lines. In this story book, one boy is chosen by a magic arrow to travel back in time to Medieval England. There, he rescues two princes from their bully uncle, who happens to be King Richard III. A magic dwarf, mystical dark man, and the bird of wisdom help Clifton Chase not only face his bullies in the Medieval past, but also in his own present time, where he is dealing with a middle school bully of his own. Dragons, mermaids, magic, and mystery all come together in this fantastic historical adventure, told through carefully selected coloring book images. Relax as you imagine yourself on the adventure to rescue King Richards nephews from the Tower of London. Discover new friends who bravely sacrifice for each other as Clifton Chase finds his voice in Medieval Times. This story is the perfect historical fantasy adventure for boys and girls ages 8-108, and you can enjoy coloring the whimsical pages alone or with that special child in your life. This story teaches about bullying through a fantasy adventure; a great way to open the door to an easy conversation on a difficult topic. If you love the coloring book story, purchase the entire novel and enjoy the full adventure. Visit Amazon.com to

Awesome!

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
