

Blunder: Why Smart People Make Bad Decisions

We all make bad decisions. It's part of being human. The resulting mistakes can be valuable, the story goes, because we learn from them. But do we? Historian Zachary Shore says no, not always, and he has a long list of examples to prove his point. From colonialism to globalization, from gender wars to civil wars, or any circumstance for which our best solutions backfire, Shore demonstrates how rigid thinking can subtly lead us to undermine ourselves. In the process, he identifies seven cognition traps to avoid. These insidious yet unavoidable mind-sets include: -Exposure Anxiety: fear of being seen as weak -Causefusion: confusing the causes of complex events -Flat View: seeing the world in one dimension -Cure-Allism: thinking that one-size solutions can solve all problems -Infomania: an obsessive relationship to information -Mirror Imaging: thinking the other side thinks like you do -Static Cling: the refusal to accept that circumstances have changed Drawing on examples from history, politics, business and economics, health care, even folk tales and popular culture, Shore illustrates the profound impact blunders can have. But he also emphasizes how understanding these seven simple cognition traps can help us all make wiser judgments in our daily lives. For anyone whose best-laid plans have been foiled by faulty thinking, *Blunder* shines the penetrating spotlight of history on decision making and the patterns of thought that can lead us all astray.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla lundi 1 août 2016 Revue des troupes Bon juste une petite photo pour montrer que je passe à l'infanterie. j'adore l'barbage. Oui certains diront que ça fait parti du hobby

mais c'est vraiment ce que je d'Ã©teste le plus. Et puis l'Ã© c'est de l'industriel. PubliÃ© par CdtK Ã 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest LibellÃ©s : Blabla vendredi 22 juillet 2016 Pour une poignÃ©e de trous en plus VoilÃ© les plaquettes de 6cm ont Ã©tÃ© percÃ©es... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la mÃ©che. Mais voilÃ© pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÃ»t-. Mais Ã© quoi Ã©sa correspond? Donc dire des trous c'est bien mais Ã©sa renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de l'Ã©ger Ã© lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis d'Ã©Ã©su de ne pas avoir plus de soldats Ã© pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÃ©me table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu fait celle l'Ã© et autant en 8cm, Ã©sa va. Il faut voir ce que cela m'aurait coutÃ© dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et j'ai quand mÃ©me un trÃ©s bon rapport qualitÃ©-prix par rapport Ã© ce que je recherchais. Il le reste Ã© Ã©barber les trous pour y glisser l'aimant et Ã©sa sera parfait je pourrais retourner Ã© mes figurines.
