

Journals and Miscellaneous Notebooks of Ralph Waldo Emerson, Volume IV: 1832-1834 (Journals & Miscellaneous Notebooks of Ralph Waldo Emerson)

Emerson's decision to quit the ministry, arrived at painfully during the summer and fall of 1832, was accompanied by illness so severe that he was forced to give up any immediate thought of a new career. Instead, in December, he embarked on a tour of Europe that was to take him to Italy, France, Scotland, and England. Within a year after his return in the fall in 1833, his health largely restored, he went to live in the town of Concord, his home from then on. The record of Emerson's ten months in Europe which makes up a large part of this book is unusually detailed and personal, actually a diary recording what Emerson saw and did as well as what he thought. He describes cities, scenes, and buildings that he found striking in one way or another and he gives impressions of the people he met. During his travels he made the acquaintance of Landor, of Lafayette, and of Carlyle, Wordsworth, and Coleridge, all of whom stimulated him. In Paris he was so much stirred by a visit to the Jardin des Plantes that he determined to become a naturalist. On his return to America, still without a profession, he reverted in his journals to the more impersonal form they had taken in his days as a minister, focusing on his inner experiences rather than on external events. Notes start dotting the pages once again, this time not so much for future sermons--although for years he did a certain amount of occasional preaching as for the addresses of the public lecturer he would soon become. Through the thirty-four months covered by this volume, the journals continue to be the advancing record of Emerson's mind, demonstrating a growing maturity and firmness of style by compression and aphorism.

Et les renforts arrivent encore Bon Ã sera la derniÃre revue de troupes de la semaine. Donc on arrive Ã 300 figurines il en reste donc 420... mais Ã va Ã avance bien. Je m'amuserais surtout sur les petites piÃces. LÃ c'est du monobloc donc mÃme si la ligne de moulage est visible -donc il faut Ãbarber presque tout le tour de la figurine... oui oui.- Comme Ã chaque dÃbut de dÃfi, je suis dans les temps, limite mieux qu'espÃrer. Mais par

expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout débarrassé :) Publié par CdtK le 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je déteste le plus. Et puis là c'est de l'industriel. Publié par CdtK le 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla vendredi 22 juillet 2016 Pour une poignée de trous en plus Voilà les plaquettes de 6cm ont été percées... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la machine. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de l'âge lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à débarrasser les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
