

poetry book: Einsteins Cat: offbeat, illustrated, contemporary poetry-prose for kids, 8-15, who hate poetry: bonus audio (Get Your Wordsworth)

If Ogden Nash, Dr. Seuss and Friedrich Nietzsche got together to write a book of poetry for emerging adults, theyd probably be disappointed to find Tom Skinner had beaten them to the punch. For children with inquisitive minds and a sense of adventure, this book of offbeat poetry blends creativity and entertaining turns of phrases to get readers aged 8-15 to think outside any boxes convention may impose. Taking off on the works of the wild-haired Father of Physics, Einsteins Cat erases the equation from the blackboard and gives your children permission to think on their own. Yes, a clean slate! This collection of poems will ignite your kids to reason on their own while developing unique views of life with its inconsistencies, diversity and immutable wonder. Praise for Skinners work: As a teacher, I know that kids and teens love ideas from left field, a play on words that makes them giggle, and stretches their creative language skills. Toms book lifts poetry, puns and ideas from the ordinariness of life, to playful comments and musings I love Shel Silverstein books (who doesnt). But this book is something more, something different. The poems are full of voluptuous words and pleasurable word play that sit in your mouth like pieces of melting chocolate. Yes, they are that good. Some writers mistakenly talk down to young readers, while Tom speaks with his audience in a unique voice that is refreshing, encouraging, and adventurous. So go ahead and read along with your kids and wrap your brains around such works as Einsteins Cat, Woks Happning Bro? and Stop and Smell the (Grumpy) Roses. Einsteins Cat is the first standalone book in the unconventional poetry-prose fusion collection, Get Your Wordsworth.***For a limited time, you can get the latest book in the Get Your Wordsworth poetry collection, Overload, for free - [click here to find out more](#) >

<http://bit.do/TomsWordPlayRocks> (just copy and paste into your browser)***Interview with the AuthorQ - So, what makes the Get Your Wordsworth series special?A - When I set out to write these books, I wanted to create a new type of poetry. A poetry-prose hybrid that was much less rigid, formal or technical than the traditional model and one that did not bore the buttocks off bright young people.Overall, the Get Your Wordsworth series is designed for those, young and old alike, who appreciate the English language in all its nuanced, layered and textured glory and who can handle a judicious mix of the super silly and gently philosophical all imbued with a healthy dose of wry and dry humor!Q - What order should I read the books in?A - Ive written the series so you can read the books in any order. If you do want to read them in the order they were written:- Einsteins Cat- Pavlovs Dog- Its Slapstick- Plain Crazy- Too Much TV-Tractor Gate- OverloadQ - So, why should readers give these books a try?A Because the Get Your Wordsworth series is for mavericks and early adopters who are looking for urban, contemporary poetry prose with a twist for Generation Z who may not have the time, attention or inclination for more traditional poetry styles.Ultimately, readers who think poetry is a tad tedious but who enjoy wit, whimsy, puns, satire and wordplay in a highly succinct, quick-read format, will get a kick out of this series.Q - Can readers get the whole series in one go?A - Sure. Ive put together a box-set bundle if people want to save a little moolah and grab the first six books in one swoop. Et les renforts arrivent encore Bon Åa sera la derniÅre revue de troupes de la semaine. Donc on arrive Å 300 figurines il en reste donc 420... mais Åa va Åa avance bien. Je m'amuserais surtout sur les petites piÅces. LÅ c'est du monobloc donc mÅme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÅbut de dÅfi, je suis dans les temps, limite mieux qu'espÅrer. Mais par expÅrience je sais que c'est le creux du dÅfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÅ :) PubliÅ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Åa fait parti du hobby

mais c'est vraiment ce que je d'Ã©teste le plus. Et puis l'Ã© c'est de l'industriel. PubliÃ© par CdtK Ã 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Mais voilÃ© pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÃ»t-. Mais Ã© quoi Ã©sa correspond? Donc dire des trous c'est bien mais Ã©sa renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de l'Ã©ger Ã© lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis d'Ã©Ã©su de ne pas avoir plus de soldats Ã© pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÃ©me table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu fait celle lÃ© et autant en 8cm, Ã©sa va. Il faut voir ce que cela m'aurait coutÃ© dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et j'ai quand mÃ©me un trÃ©s bon rapport qualitÃ©-prix par rapport Ã© ce que je recherchais. Il le reste Ã© Ã©barber les trous pour y glisser l'aimant et Ã©sa sera parfait je pourrais retourner Ã© mes figurines.
