

The Journal of Henry David Thoreau Volume 8: November 1855 - August 1856

Volume 8 of 14: These volumes are a reprint of the 1906 edition of Henry David Thoreau's journal, which covers the years 1837 through 1861 in fourteen volumes. The journals were used by Thoreau as both a personal log and as a repository for information which he would later use in his formal publications. After Thoreau's death the journals were bequeathed to his sister, Sophia Thoreau, then to H.G.O Blake, and then to E.H. Russell. Selections of the journals had been released to the public by Blake, but Russell sought to publish the journals in their entirety. The journals were prepared for publication by Bradford Torrey and Francis H. Allen for the Houghton Mifflin publishing company and were released in 1906 as a fourteen volume set. It is with great pride that Sportsmans Vintage Press presents this facsimile reprint of the 1906 edition prepared by Torrey and Allen. Please note that this book is a facsimile reprint of an earlier edition. We use high quality scans which are then enhanced and retouched to ensure readability.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de l'ger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines. Publié par CdtK à 09:52 2
