

The Story Of The Wright Brothers

Do you ever wonder how airplanes fly? Do you ever wonder what it would be like to fly through the clouds? Well if so you are not alone. This book is a wonderful way to introduce young curious minds to two fascinating men, the Wright brothers.

Et les renforts arrivent encore Bon Ã sera la derniÃre revue de troupes de la semaine. Donc on arrive Ã 300 figurines il en reste donc 420... mais Ã va Ã avance bien. Je m'amuserais surtout sur les petites piÃces. LÃ c'est du monobloc donc mÃame si la ligne de moulage est visible -donc il faut Ãbarber presque tout le tour de la figurine... oui oui.- Comme Ã chaque dÃbut de dÃfi, je suis dans les temps, limite mieux qu'espÃrer. Mais par expÃrience je sais que c'est le creux du dÃfi qui m'est fatal donc on verra quand j'aurais tout ÃbarbÃ :) PubliÃ par CdtK Ã 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Ã fait parti du hobby mais c'est vraiment ce que je dÃteste le plus. Et puis lÃ c'est de l'industriel. PubliÃ par CdtK Ã 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest LibellÃs : Blabla vendredi 22 juillet 2016 Pour une poignÃe de trous en plus VoilÃ les plaquettes de 6cm ont ÃtÃ percÃ... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la mÃche. Mais voilÃ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÃt-. Mais Ã quoi Ã correspond? Donc dire des trous c'est bien mais Ã renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de lÃger Ã lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis dÃÃsu de ne pas avoir plus de soldats Ã pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÃme table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu fait celle lÃ et autant en 8cm, Ã va. Il faut voir ce que cela m'aurait coutÃ dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et j'ai quand mÃme un trÃs bon rapport qualitÃ-prix par rapport Ã ce que je recherchais. Il le reste Ã Ãbarber les trous pour y glisser l'aimant et Ã sera parfait je pourrais retourner Ã mes figurines.
