

## Preparing to Meet the King

You are invited by Royal appointment... As a Christian, you are called into the court of the King of Kings - do you know how to prepare yourself to meet Him? So many people don't know how, or are too intimidated to meet with God and so miss out on the life-changing opportunities which come from being in His presence. The author Natalie Daniels draws on her near 4 decades of experience following Jesus to help people of all backgrounds live up to their full potential in Christ. Using illustrations from the book of Esther, Natalie demonstrates key points to spiritually, mentally and physically prepare to meet the King, such as: The privilege and importance of your invitation How to prepare to enter God's presence Common mistakes we can all make which can rob us of our opportunity Highlighting how our own insecurities can hamper our calling Adapting to the change of environment and circumstances that can come with His invitation (which can come by accepting His invitation) This book will be a valuable resource for Christians new and old, and offers practical and biblically sound keys to fulfilling your destiny with God.

Et les renforts arrivent encore Bon Å sera la derniÅre revue de troupes de la semaine. Donc on arrive Å 300 figurines il en reste donc 420... mais Å va Å avance bien. Je m'amuserais surtout sur les petites piÅces. LÅ c'est du monobloc donc mÅme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÅbut de dÅfi, je suis dans les temps, limite mieux qu'espÅrer. Mais par expÅrience je sais que c'est le creux du dÅfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÅ :) PubliÅ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Å fait parti du hobby mais c'est vraiment ce que je dÅteste le plus. Et puis lÅ c'est de l'industriel. Mais voilÅ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÅt-. Mais Å quoi Å correspond? Donc dire des trous c'est bien mais Å renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de lÅger Å lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis dÅÅ de ne pas avoir plus de soldats Å pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÅme table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu faire celle lÅ et autant en 8cm, Å va. Il faut voir ce que cela m'aurait coutÅ dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et

j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
