

Sacred History and Sacred Geography: Spiritual Journeys in Time and Space

Contemporary spirituality tends to follow an inward journey, unconcerned with churches and rituals, even while it is drawn towards pilgrimages to remote places or sacred cities. David Martin writes, People are rediscovering the journey to a special place as a part of their interior journey through time to discover themselves. These journeys generate personal stories about beginnings, travels and travails, prospects and arrivals: sacred history. Christianity began by emphasising a journey through an inner landscape to a spiritual city, or New Jerusalem, which was the universal home of all nations. Nevertheless real holy cities at the center of sacred territories always return, even in Protestantism where they return as elect nations with a mission. Both the invisible world and tangible locations are permanent presences: sacred geography. These meditations, sermons and buried mosaics of quotation explore the tensions between the inner journey of the heart-in-pilgrimage--often in the voluntary group of the like-minded--and the physical journey--often also in company--to sacred locations, sometimes remote and away from it all, sometimes to holy cities at the centre of spiritual and political power. There is a link between the voluntary company of the like-minded and universal visions of fraternity and peace, on the one hand, and, on the other, holy cities, particular agglomerations of power and violence, and the social order necessary to the advance of commerce and civilisation. At the heart of these reflections is the encounter between the non-violent, fraternal City of God pursued by the heart-in-pilgrimage, and the more (or less) necessary and defensible regimes of the City of Man. That encounter came to a climax when Jesus entered the holy city on Palm Sunday. The denouement became the sacred history of Christianity that is explored here in Sacred History and Sacred Geography.

Et les renforts arrivent encore Bon Åa sera la derniÅre revue de troupes de la semaine. Donc on arrive Å 300 figurines il en reste donc 420... mais Åa va Åa avance bien. Je m'amuserais surtout sur les petites piÅces. LÅ c'est du monobloc donc mÅme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÅbut de dÅfi, je suis dans les temps, limite mieux qu'espÅrer. Mais par expÅrience je sais que c'est le creux du dÅfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÅ :) PubliÅ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Åa fait parti du hobby mais c'est vraiment ce que je dÅteste le plus. Et puis lÅ c'est de l'industriel. Mais voilÅ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÅt-. Mais Å quoi Åa correspond? Donc dire des trous c'est bien mais Åa renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de lÅger Å lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis dÅÅu de ne pas avoir plus de soldats Å pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÅme table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu fait celle lÅ et autant en 8cm, Åa va. Il faut voir ce que cela m'aurait coutÅ dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et j'ai quand mÅme un trÅs bon rapport qualitÅ-prix par rapport Å ce que je recherchais. Il le reste Å Åbarber les trous pour y glisser l'aimant et Åa sera parfait je pourrais retourner Å mes figurines.
