

Bright Coin Moon: A Novel

Set against the colorful backdrop of immoral psychics and dishonest scam artists, *Bright Coin Moon* tells a story of longing and loyalty and the emotional burden of sacrifice. Seventeen-year-old Lindsey Allen is an A-student who has her heart set on becoming an astronomer. But first she must break away from her mother, an eccentric failed beauty queen who has set up a phony psychic reading shop in their Oregon garage. Lindsey is biding time until she graduates high school, reading tarot cards for the neighbors in her mother's shop and recording the phases of the moon in her Moon Sign notebook. Her life changes when her mother, Debbie, decides they should move to California to become Hollywood psychics to the stars. As they pull out of the driveway, Lindsey looks up at the silver morning moon. It's a bright coin moon, which means only one thing: what you leave behind today will rise up tomorrow. When mother and daughter arrive in Los Angeles with new identities, they move into a leaky, run-down building and spend their nights stalking restaurants and movie premieres to catch that one celebrity they hope will be their ticket. When it seems they will never make it in LA, Lindsey is assigned a new mentor through her school. Joan is a lonely, wealthy widow who can't get past the death of her husband, Saul. Debbie is convinced they've hit the jackpot, and plans for a future seance communique. As Lindsey grows closer to Joan, guilt over the scam consumes her, and she must make the ultimate decision. But can she really betray her mother? Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers: picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach

lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla lundi 1 août 2016 Revue des troupes Bon juste une petite photo pour montrer que je passe à l'infanterie. j'adore l'barbage. Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Publié par CdtK à 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla vendredi 22 juillet 2016 Pour une poignée de trous en plus Voilà les plaquettes de 6cm ont été percées... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la machine. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
