

Paleo for Beginners: A Practical Guide to Getting Started with Paleo

People try the paleo diet for many different reasons: losing weight, improving their energy, living longer, or just feeling great every day. But whatever your reasons for picking up this book, our goal is to help you use the paleo diet to achieve all those goals (and more!) in a way that is simple, practical, and easy to incorporate into your life. In this book, we'll cover everything you need to know to get started with the paleo diet, step by step, with nothing left out. This book includes:

- A detailed overview of the basic principles of the paleo diet.
- An in-depth discussion of which foods are part of the paleo diet and which aren't.
- A practical breakdown of how to incorporate the paleo diet into your life, including easy guidelines for every meal, how to modify the paleo diet for weight loss, how to save time and money when you eat paleo, and more.
- A hand-picked selection of delicious, healthy, beginner-friendly paleo recipes, including recipes for entrees, side dishes, desserts, meat, vegetables, smoothies, baked goods, finger foods, and more, to help get you started on your paleo journey right away.

Specific topics include:

- How to optimize the paleo diet for weight loss. A standard paleo diet is great for losing weight, but with a few simple strategies, you can ramp up your results to quickly and permanently melt the fat off your body the natural, paleo way!
- Tips, tricks, and strategies for saving money while still buying the healthiest, most delicious food on the planet. Implementing these strategies can save you hundreds of dollars a month on your groceries, and even if you only use one or two ideas from this chapter, you'll save much more than the price of this entire book!
- A beginner-friendly selection of easy-to-make, super healthy, mouth-watering paleo recipes, including Bacon Wrapped Dates, Spicy Tuna Sushi Rolls, Deviled Eggs, Coconut Pumpkin Pudding, Paleo Pasta, and many more!

Paleo for Beginners covers absolutely everything a newcomer to the paleo diet needs to know, without any filler or fluff, and with everything carefully laid out in practical terms so that you're never overwhelmed. We're confident that by the time you're done with this book, you'll find it easy, fun, and natural to incorporate the paleo diet into your life, and start immediately seeing the incredible weight loss, energy, and vibrant health that goes along with it. So let's get started on your journey into the paleo diet!

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla lundi 1 août 2016 Revue des troupes Bon juste une petite photo pour montrer que je passe à l'infanterie. j'adore l'barbage. Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Publié par CdtK à 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla vendredi 22 juillet 2016 Pour une poignée de trous en plus Voilà les plaquettes de 6cm ont été percées... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la machine. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de l'âge lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
