

Philips Certificate Atlas for the Caribbean

A new edition of the market-leading atlas for CXC Geography students, Philips Certificate Atlas for the Caribbean provides extensive coverage of the Caribbean area, together with a comprehensive selection of world and regional maps. The atlas is arranged in three sections for ease of use, with each page colour-coded for rapid reference. The first section is devoted to a detailed coverage of the Caribbean region in 48 pages, and includes maps of every island plus Belize and Guyana, as well as topographical, land use, tourism and mining maps. The second section is made up of 72 pages of World topographical maps, incorporating continental thematic maps on topics such as population, climate and biomes, followed by 32 pages of World thematic maps. This new 7th edition features updated mapping of all Caribbean islands, as well as the latest statistics. The World map section contains additional coverage of Brazil, the Americas and Asia, while the World thematic section includes maps on volcanoes, El Nino, tourism, energy, minerals, industry, trade and international organizations. Completing the atlas is a section of CXC study maps covering topics such as farming, soil conservation, economics, tourism and urban land use. New for this edition are features on UK tourism, Mauritius, Hong Kong and Brazil. The index gives letter-figure grid references as well as latitude and longitude co-ordinates.

Et les renforts arrivent encore Bon Åsa sera la derniÅre revue de troupes de la semaine. Donc on arrive Å 300 figurines il en reste donc 420... mais Åsa va Åsa avance bien. Je m'amuserais surtout sur les petites piÅces. LÅ c'est du monobloc donc mÅme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÅbut de dÅfi, je suis dans les temps, limite mieux qu'espÅrer. Mais par expÅrience je sais que c'est le creux du dÅfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÅ :) PubliÅ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest LibellÅs : Blabla lundi 1 aoÅt 2016 Revue des troupes Bon juste une petite photo pour montrer que je passe Å l'infanterie. j'adore l'Åbarbage. Oui certains diront que Åsa fait parti du hobby mais c'est vraiment ce que je dÅteste le plus. Et puis lÅ c'est de l'industriel. Partager sur Pinterest LibellÃ©s : Blabla vendredi 22 juillet 2016 Pour une poignÃ©e de trous en plus VoilÃ© les plaquettes de 6cm ont Ã©tÃ© percÃ©es... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la mÃ©che. Mais voilÃ© pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÃ»t-. Mais Ã© quoi Ã©sa correspond? Donc dire des trous c'est bien mais Ã©sa renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de lÃ©ger Ã© lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis dÃ©Ã§u de ne pas avoir plus de soldats Ã© pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÃ©me table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu faire celle lÃ© et autant en 8cm, Ã©sa va. Il faut voir ce que cela m'aurait coutÃ© dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et j'ai quand mÃ©me un trÃ©s bon rapport qualitÃ©-prix par rapport Ã© ce que je recherchais. Il le reste Ã© Ã©barber les trous pour y glisser l'aimant et Ã©sa sera parfait je pourrais retourner Ã© mes figurines.
