

A Dancer in the Dust

From Edgar Award-winning author Thomas H. Cook, *A Dancer in the Dust* is a deeply moving literary thriller about ill-fated love: one man's love for an extraordinary woman, and one woman's love for her troubled country. Twenty years ago, Ray Campbell was an aid worker dedicated to improving conditions in Lubanda, a newly independent African country. He is shocked when a friend from that time is now found murdered in a New York alley, especially because signs suggest that his murder is connected to the tragic death decades ago of Martine Aubert, the only woman Ray ever truly loved. Martine Aubert was a white, native Lubandan farmer whose dream for her homeland starkly conflicted with those charged with its so-called development. And Ray's failure to understand Martine's commitment to her country had led him to seal her fate in a moment of grievous error. As Ray returns to Lubanda to investigate the cause of his friend's murder, he also returns to the passion he once felt for Martine and vows, in her memory, to rectify his wrongs.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Publié par CdtK à 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla vendredi 22 juillet 2016 Pour une poignée de trous en plus Voilà les plaquettes de 6cm ont été percées... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la machine. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les

trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines. Publié par CdtK 09:52 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis!
