

## Suite for Human Nature

From the legendary songwriter Diane Lampert, based on a musical piece she wrote with Pulitzer Prize and nine-time Grammy-winning jazz musician Wynton Marsalis, comes an exquisitely illustrated folktale about how we humans got some of our naughtier traits, and what overcomes them all. Mother Nature is a very busy woman. Her job is to tend to the Earth and all the creatures that dwell there she must wake up the bulbs and warm the land in spring, then rush off to freeze the ponds and create snow in winter. But more than anything, Mother Nature wants children of her own. So with twigs and things she made five: Fear, Envy, Hate, Greed, and Fickle. She asks the most helpless of creatures the poor, wingless humans to watch over them as she works. But then her children's wild personalities begin to seep into human nature in a way that Mother Nature never intended. A lilting, lyrical ode to all of our human shortcomings and the one trait that can overcome them all, this book beautifully captures the complexity of us all.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de l'âge l'âge lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner à mes figurines. Publié par CdtK à 09:52 2
