

Out of Jerusalem, Vol. 3: Towards the Promised Land

Every muscle in Nephi's body tensed. Now was the time to tell his brother regardless of Laman's certain temper. Nephi took a deep breath. A ship, he said, almost inaudibly, then his voice gained strength. I'm making tools to build a ship. The ends of Laman's mustache twitched, but his eyes remained devoid of any real surprise. You plan to fish in the deep swells? Exhaling, Nephi shook his head. The Lord has commanded me to build a ship to take us to the Promised Land. Laman stared at Nephi. A ship to take us where? It is time for Lehi's family to leave the place Bountiful for the Promised Land. But Nephi's older brother, Laman and Lemuel, believe they are already living in a promised land. Why should they leave their newfound abundance? Challenged with following instructions from the Lord while keeping peace within the family, Nephi forges ahead to build a ship that can cross oceans but storms at sea are nothing compared to the turbulent relationship between Nephi and his older brothers. With characters you will both love and loathe, H.B. Moore streams one suspenseful scene after another as she weaves well-researched facts with a wealth of imaginative detail. More than any other work of fiction, *Out of Jerusalem* brings the journey of the prophet Lehi's family to life in a way that will forever move your soul. See also *Of Goodly Parents*, *A Light in the Wilderness*, and *Land of Inheritance* volumes one, two and four in this series.

Et les renforts arrivent encore Bon Å sera la derniÅre revue de troupes de la semaine. Donc on arrive Å 300 figurines il en reste donc 420... mais Å va Å avance bien. Je m'amuserais surtout sur les petites piÅces. LÅ c'est du monobloc donc mÅme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÅbut de dÅfi, je suis dans les temps, limite mieux qu'espÅrer. Mais par expÅrience je sais que c'est le creux du dÅfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÅ :) PubliÅ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Å fait parti du hobby

mais c'est vraiment ce que je déteste le plus. Et puis là c'est de l'industriel. Publié par CdtK le 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de l'âge lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
