

Whats That Sound? in the City

Wherever you live, in the middle of a big city or on a farm, toddlers revel in the unique cacophony of noisy delights that surround them every day. In the city, garbage trucks CLATTER and CLANG, car horns go BEEP, BEEP, and sirens WAIL. On the farm, tractors RUMBLE, QUAKING ducks SPLISH SPLASH, and Pigs SNORT, SNORT, SQUEAL. Even if you live far away from farms or cities, it won't be long before any toddler understands the sounds and finds the corresponding objects before its time to turn the page. And finally, a quiet kiss or hug awaits them at the end of each book-the best little sounds of all. These bright, colorful board books serve a dual purpose for inquisitive little ones. Not only do they link noises to objects but they encourage the association of meaning to letters on a page-the first, crucial step in developing young readers. Author Sheryl McFarlane's rhythmic read-aloud text is perfectly complimented by Kim LaFave's bright and colorful scenes. A glorious pair of books for little noisemakers everywhere.

Et les renforts arrivent encore Bon Ã sera la derniÃre revue de troupes de la semaine. Donc on arrive Ã 300 figurines il en reste donc 420... mais Ã va Ã avance bien. Je m'amuserais surtout sur les petites piÃces. LÃ c'est du monobloc donc mÃme si la ligne de moulage est visible -donc il faut Ãbarber presque tout le tour de la figurine... oui oui.- Comme Ã chaque dÃbut de dÃfi, je suis dans les temps, limite mieux qu'espÃrer. Mais par expÃrience je sais que c'est le creux du dÃfi qui m'est fatal donc on verra quand j'aurais tout ÃbarbÃ :) PubliÃ par CdtK Ã 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Ã fait parti du hobby mais c'est vraiment ce que je dÃteste le plus. Et puis lÃ c'est de l'industriel. Mais voilÃ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÃt-. Mais Ã quoi Ã correspond? Donc dire des trous c'est bien mais Ã renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de lÃger Ã lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis dÃÃ de ne pas avoir plus de soldats Ã pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÃme table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu faire celle lÃ et autant en 8cm, Ã va. Il faut voir ce que cela m'aurait coutÃ dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et j'ai quand mÃme un trÃs bon rapport qualitÃ-prix par rapport Ã ce que je recherchais. Il le reste Ã Ãbarber les trous pour y glisser l'aimant et Ã sera parfait je pourrais retourner Ã mes figurines. PubliÃ par CdtK Ã 09:52 2
