

## The Third Rule: The first in a gripping CSI crime thriller series (Eddie Collins Book 1)

When you're accused of murder, you'd better hide, run, or fight. The Third Rule is England's new infallible capital punishment. But absolute proof of guilt is no longer required, so there's a queue at the Slaughter House doors. CSI Eddie Collins hasn't killed anyone, but he knows who has. That's why he's on the Slaughter House list, and when a government hunter tracks him down, Eddie has to fight or die. If you want to kill serious crime, you have to kill serious criminals. Sir George Deacon, Minister of Justice. The Third Rule is a contemporary crime thriller featuring CSI Eddie Collins, and is set in Leeds, a major Yorkshire city. It is 180k words long, about 700 pages.

WHAT PEOPLE SAY ABOUT The Third Rule ~ A gripping and moving masterpiece. ~ This was one of those books that I couldn't put down. ~ My kindle came with me everywhere so I could catch another chapter or even paragraph. ~ Superb. ~ Frighteningly realistic. ~ This is a chilling and all too realistic vision of the British Legal system as could worryingly happen in today's haphazard political climate. ~ Andrew Barrett has become one of my favourite authors and I have just purchased Black by Rose to read very soon. ~ An excellent read. One of those books you can't put down. A great story and well written - look forward to more similar. ~ TV DRAMA, PLEASE. NOW! ~ It's been a long while since I finished a book, and then sat there for a few minutes reflecting on the story I've just read.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
