

Banana Split: A Culinary Mystery (Culinary Mysteries (Shadow Mountain))

A tropical paradise seems like the ideal place for amateur detective Sadie Hofmiller to relax and unwind from the panic attacks that have begun to control her life. But when Sadie accepts the offer to stay at a friend's condo on the island of Kauai, her perfect vacation turns into a nightmare. On a snorkeling trip with the Blue Muumuus, a community group of adventurous older women, Sadie finds herself entangled, quite literally, with the dead body of Noelani Pouha, a local drug addict. The police are convinced they know exactly what happened to Noelani. Reeling from the shock of her own near-drowning, Sadie has no interest in looking for any other possible answers until Noelani's son appears on her doorstep, presenting her with a reason to gather her inner strength, rally her investigative powers, and use what she's learned from her past cases to try and find closure . . . for both of them. Includes ten new mouthwatering recipes, tested and approved by the official bakers of Sadie's Virtual Test Kitchen. Josi's culinary mysteries have become favorites with members of Goodreads and other book networking sites. Reader's guide available online.

Et les renforts arrivent encore. Bon, ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK le 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla vendredi 22 juillet 2016 Pour une poignée de trous en plus Voilà les plaquettes de 6cm ont été percées... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la machine. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça

va. Il faut voir ce que cela m'aurait couté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
