

Red Tide At Morning

A dead girl on the beach. A college student found tortured to death in an abandoned cottage. An ex-soldier with a history of violence. A small-time drug lord whose influence is on the rise. A mysterious woman watching from the shadows. A camera pointed the wrong way. Something dangerous is happening in Ravens Passage.

Retired Detective Malcolm Stone hoped to never work another murder case ever again. After the tragic death of his partner on the harrowing streets of Philadelphia, all Mal wanted was to come home to the quiet Pacific Northwest island he grew up on and get on with his life. But when a shocking double homicide shakes the community, Mal finds himself pulled back into a world he thought hed left behind. Along with his step-sister Lara a troubled loner with a keen investigative mind Malcolm digs deep into the lives of the two dead girls, uncovering scars and secrets best left alone. Surrounded by suspects ranging from an ambitious drug dealer and his delinquent son to the psychotic ex-flame of one of the victims fathers, Malcolm and Lara race to find a connection between the victims and uncover the truthbefore a deadly killer strikes again. Embark on a dark and twisted mystery from the author of Blood Skies, The Last Acolyte and The Skullborn Trilogy.

Et les renforts arrivent encore Bon Åa sera la derniÅre revue de troupes de la semaine. Donc on arrive Å 300 figurines il en reste donc 420... mais Åa va Åa avance bien. Je m'amuserais surtout sur les petites piÅces. LÅ c'est du monobloc donc mÅme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÅbut de dÅfi, je suis dans les temps, limite mieux qu'espÅrer. Mais par expÅrience je sais que c'est le creux du dÅfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÅ :) PubliÅ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Åa fait parti du hobby mais c'est vraiment ce que je dÅteste le plus. Et puis lÅ c'est de l'industriel. Partager sur Twitter Partager sur Facebook Partager sur Pinterest LibellÅs : Blabla vendredi 22 juillet 2016 Pour une poignÅe de trous en plus VoilÅ les plaquettes de 6cm ont ÅtÅ percÅ... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la mÅche. Mais voilÅ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÅt-. Mais Å quoi Åa correspond? Donc dire des trous c'est bien mais Åa renseigne pas beaucoup alors 1200

trous c'est : 594 soldats -de l'acier lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis d'accord de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
