

## The Stones: The Acclaimed Biography

In 2012 the Rolling Stones celebrate their 50th anniversary. Their story the bands meteoric rise to fame, the Marianne Faithfull, Brian Jones and Altamont scandals, the groundbreaking hits is the stuff of twentieth century legend, and core to popular culture. But it is Norman's skills as a researcher and biographer which bring a whole new dimension to such a story. Written with the personal knowledge, trust and co-operation of the participants, this fully updated version is indisputably the best book on The Stones ever written. Norman spares no detail, covering the Jerry Hall/Mick Jagger split and the Stones lives as tax exiles, the recording of Exile on Main St. as well as the iconic stage performances, Mick's control of the bands affairs and his contractual disputes with managers and promoters. This is a story of fame, money, drugs, booze, sex, hedonism and the greatest rock band of all time.

Et les renforts arrivent encore Bon Ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais Ça va Ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Publié par CdtK à 17:06 2 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla vendredi 22 juillet 2016 Pour une poignée de trous en plus Voilà les plaquettes de 6cm ont été percées... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la machine. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi Ça correspond? Donc dire des trous c'est bien mais Ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, Ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et Ça sera parfait je pourrais retourner à mes figurines.
