

## States Evidence (The John Marshall Tanner Mysteries)

To clean up a rotten town, John Marshall Tanner goes after the city's most powerful villain El Gordo. El Gordo is a quiet little city just outside of San Francisco, with a charming town square, a few local businesses, and the most corrupt police force in the state of California. John Marshall Tanner has worked a case here before, and it nearly ended with him taking a beating. When the private detective returns to El Gordo, it will be his life on the line. A new district attorney is fighting to clean up this rotten burg, and he wants Tanner's help. One of the richest men in town killed a nobody in a hit-and-run, and the culprit is doing everything he can to buy his way out of trouble. In the old days, that would have been simple. But with the DA backing him up, Tanner will scrub El Gordo clean no matter how much blood stains its filthy streets. States Evidence is the 3rd book in the John Marshall Tanner Mysteries, but you may enjoy reading the series in any order.

Et les renforts arrivent encore Bon ça sera la dernière revue de troupes de la semaine. Donc on arrive à 300 figurines il en reste donc 420... mais ça va ça avance bien. Je m'amuserais surtout sur les petites pièces. Là c'est du monobloc donc même si la ligne de moulage est visible -donc il faut barber presque tout le tour de la figurine... oui oui.- Comme à chaque début de défi, je suis dans les temps, limite mieux qu'espérer. Mais par expérience je sais que c'est le creux du défi qui m'est fatal donc on verra quand j'aurais tout barbé :) Publié par CdtK à 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que ça fait parti du hobby mais c'est vraiment ce que je teste le plus. Et puis là c'est de l'industriel. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis désolé de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à barber les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
