Dont Read After Dark: Keep the lights on while reading these! 300,000+ word horror collection (A McCray Horror Collection - 3 full-length novels, 3 novellas, and a short story)

From the #1 bestselling author in Horror, Mens Adventure, War, and Techno-thrillers, Carolyn McCray, comes a horror collection to keep you up all night long if you dare!**Warning, this collection is not for the squeamish or faint of heart. There is graphic violence, rough language, and blood to spare. Please do not buy this book if you are easily offended or terrified! However if you enjoy Saw/Hostel-style horror and a good slasher flick, read on!Praise for Carolyns Horror Stories...Oh, unless you have a strong stomach, you probably will not want to eat anything while reading this book. It is very, very graphic and will most likely give me nightmares. Supper is about a group of college kids who go out on a fact-finding vacation during spring break. They find more than theyre looking for when they run out of gas on a dark deserted, creepy part of nowhere. Deliverance and The Texas Chainsaw Massacre comes to mind. But things arent always what they seem. Gets ya in the mood for a ghoulish Halloween. Baaahaaaahaaaha!RileybugAmazon

ReviewerI am an avid reader always looking for something original and fresh. Well, Carolyn Mcray is it!! By accident I came across this author, she may have been recommened to me by Amazon itself. This summer she was my go to author could not get enough of her books, or short stories!!! With this short story you have the Texas Chain Massacre family meets the 2012 Cannabalistic Tullocks Farm. Its faced paced, gory, and at times a funny, especially when the tables are turned. Thats when it becomes twisted!!! This is all I will say. Some of the reviews Ive been reading lately are telling me the whole entire story. Whats the point??? Could not put it down. This short story actually leaves a possible opening end for a sequel. If you like this then next step is to buy her novel Plain Jane You will love it!!!!Robin LeeAmazon ReviewerThis collection includes...Fresh

Meat (a horror novella): Serial Killer Death Match, need we say more?Widowmaker (a full-length horror novel): A thriller for horror fansAll Hallows Eve (a full-length horror novel): The one night it is BAD to be good!Salechii (a full-length novel): A shark park. What could go wrong?Club Death (a horror novella): Come for the dancing. Stay because, well, a madman has you trapped insideRook (a horror novella): Lets stop the Apocolypse, people! Supernatural humorous horrorSupper: The Texas Chainsaw Massacre style short storyMore praise for McCrays horror...Scary and smart, All Hallows Eve is perfect for anyone who wants to read a horror story that hits them in the gut. From the intricate psychopathology of the serial killer, to the hair-raising tension, to the skewering of pop culture, All Hallows Eve is simply a great read.Your Need To ReadBook ReviewerThis was surprisingly creepy. Usually by about half way through a book like this you know who the killer is. I really didnt connect the dots on this one... Just what a demented serial killer needs to round up a group of teens for the slaughter. The author did not pull any punches in the way the victims died... But what I liked best was that the killer was completelyunrepentant, there was no oh gee moment at the end where the killer realizes he was doing something wrong and is sorry. If it is a horror book, horrify me. This one did.Avid ReaderBook ReviewerIf you enjoy Stephen King, John Saul or Clive Barker or films such as Saw, Texas Chainsaw Massacre or Hostel, Dont Read After Dark should keep you up all night!**If you were looking for McCrays thriller collection search under Got Thrills? For your RDA of action and adventure!**If you were looking for McCrays #1 police procedural/hard boiled mystery series it is under the Harbinger Mysteries Collection**If you were looking for McCrays mystery-horror collection it is under the Darc Murder Mysteries

figurines il en reste donc 420... mais Åa va Åa avance bien. Je m'amuserais surtout sur les petites piÃces. LÃ c'est du monobloc donc mÃme si la ligne de moulage est visible -donc il faut Åbarber presque tout le tour de la figurine... oui oui.- Comme Å chaque dÃbut de dÃfi, je suis dans les temps, limite mieux qu'espÃrer. Mais par expÃrience je sais que c'est le creux du dÃfi qui m'est fatal donc on verra quand j'aurais tout ÅbarbÃ :) PubliÃ par CdtK Å 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Åa fait parti du hobby mais c'est vraiment ce que je dÃteste le plus. Et puis lÃ c'est de l'industriel. Mais voilÃ pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin aoÃt-. Mais Å quoi Åa correspond? Donc dire des trous c'est bien mais Åa renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de lÃger Å lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis dÃÃu de ne pas avoir plus de soldats Å pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la mÃme table. Mais bon quand on voit que pour 30e -3 plaquettes- j'ai pu fait celle lÃ et autant en 8cm, Åa va. Il faut voir ce que cela m'aurait coutÃ dans le commerce. On y rajoute le prix des aimants -15e les 1000 fdpin- et j'ai quand mÃme un trÃs bon rapport qualitÃ-prix par rapport Å ce que je recherchais. Il le reste Å Åbarber les trous pour y glisser l'aimant et Åa sera parfait je pourrais retourner Å mes figurines.
