

Crochet for Children

Claire Montgomerie steps away from traditional methods of teaching crochet to kids and presents 35 brilliant projects that are fun and simple rather than complex and boring. By working through the easily digestible lessons, children will quickly develop the skills needed to make cool MP3 holders, mittens, jewellery, hats, dolls, teddy bears and more. There are four chapters, each featuring projects for beginners, intermediate and confident crocheters, so once the simpler projects have been mastered, your child can move on to the next challenge. The comprehensive techniques section describes everything from holding the hook correctly to crocheting in the round. All the stitches needed are explained with helpful photographs and clear instructions and in no time, any child will be working with yarn like a pro, ready to tackle all the patterns. The yarns have been selected for their ease of use and are often specially formulated for children to be kind to skin as well as being durable and easy to wash. Claire also shares tricks and tips gathered from her sell-out crafting classes, where she has taught hundreds of children the joys of crochet. All the projects have been tried and tested on kids at Claire's popular crochet classes. Every idea has a skill rating so children can pick a project to suit their ability. In CICO's brilliant For Children series, which includes Green Crafts for Children, Sewing for Children, Origami for Children and Knitting for Children.

Et les renforts arrivent encore Bon Ãsa sera la derniÃre revue de troupes de la semaine. Donc on arrive Ã 300 figurines il en reste donc 420... mais Ãsa va Ãsa avance bien. Je m'amuserais surtout sur les petites piÃces. LÃ c'est du monobloc donc mÃme si la ligne de moulage est visible -donc il faut Ãbarber presque tout le tour de la figurine... oui oui.- Comme Ã chaque dÃbut de dÃfi, je suis dans les temps, limite mieux qu'espÃrer. Mais par expÃrience je sais que c'est le creux du dÃfi qui m'est fatal donc on verra quand j'aurais tout ÃbarbÃ :) PubliÃ par CdtK Ã 17:37 4 commentaires: Liens vers cet article Envoyer par e-mail BlogThis! Oui certains diront que Ãsa fait parti du hobby mais c'est vraiment ce que je dÃteste le plus. Et puis lÃ c'est de l'industriel. PubliÃ par CdtK Ã 17:06 2

Partager sur Twitter Partager sur Facebook Partager sur Pinterest Libellés : Blabla vendredi 22 juillet 2016 Pour une poignée de trous en plus Voilà les plaquettes de 6cm ont été percées... 1200 trous... oui oui. 1200 trous dans du plexi -vous savez le truc qui se colle une fois sur deux sur la machine. Mais voilà pour les 6cm c'est fini et je verrais pour les 8cm de front plus tard -je dirais fin août-. Mais à quoi ça correspond? Donc dire des trous c'est bien mais ça renseigne pas beaucoup alors 1200 trous c'est : 594 soldats -de l'âge léger à lourd- 231 cavaliers et 24 canons avec 4 artilleurs. Oui monsieur. Bon alors je suis d'accord de ne pas avoir plus de soldats à pied. C'est pas super grave, je doute que toutes les plaquettes soient un jour sur la même table. Mais bon quand on voit que pour 30€ -3 plaquettes- j'ai pu faire celle là et autant en 8cm, ça va. Il faut voir ce que cela m'aurait coûté dans le commerce. On y rajoute le prix des aimants -15€ les 1000 fdpin- et j'ai quand même un très bon rapport qualité-prix par rapport à ce que je recherchais. Il le reste à compléter les trous pour y glisser l'aimant et ça sera parfait je pourrais retourner mes figurines.
